

## 【Sabi】

At first glance, it may give frosty texture of ironware, but needle scratching on the surface gives surprisingly delicate and modern impression. This Sabi series dispel mass production by the method of traditional decorative techniques of Arita ware of “scraping”. There is personality in every vessel, new fine Arita ware showcase the hidden charm of the cuisine

“Arita Porcelain Lab” is the modern brand name of the Yazaemon Kiln, which was established over 200 years ago. It is one of Arita’s oldest and largest-scale operating kilns.

Our luxury and modern style of Arita porcelain pieces are created one by one by handwork of skilled artisans, taking advantage of the unique techniques inherited in tradition of Yazaemon kiln, which evolved through countless trials.

### 100% "Made in Japan"

Arita porcelain is one of Japan's traditional handicrafts. The traditional techniques used to make Arita porcelain have been improved on with craft and design to meet the needs of modern lifestyles. The result is a simple, contemporary style of vessel, produced with the finest handwork expected from Japan's artisans.

### Everything was created by the skilled hands of proficient artisans who inherited these traditional techniques.

Our own glaze has been developed through countless trials. Our proficient artisans apply the paint individually to every piece, to create a high-quality deep radiance. The traditional method of firing at high temperature of 1300c for 3 days, result in thin, light and durable finish.
